HOW IT WORKS

Retailers

Any UK cycle retailer can support the BA's advocacy work and benefit from being an Investor in Cycling by allowing your supplier to collect the Retail Advocacy Fund. This levy adds 0.1% to the value of your invoices with participating suppliers (that's just 10p on a £100 invoice).

Suppliers, distributors and manufacturers

You can donate to the advocacy work of the Bicycle Association according to the scale of your organisation. We suggest an annual pledge from the supply-side sector based on turnover so that you can join the Investors in Cycling making a difference today.

In recognition of this, Investors in Cycling also get:

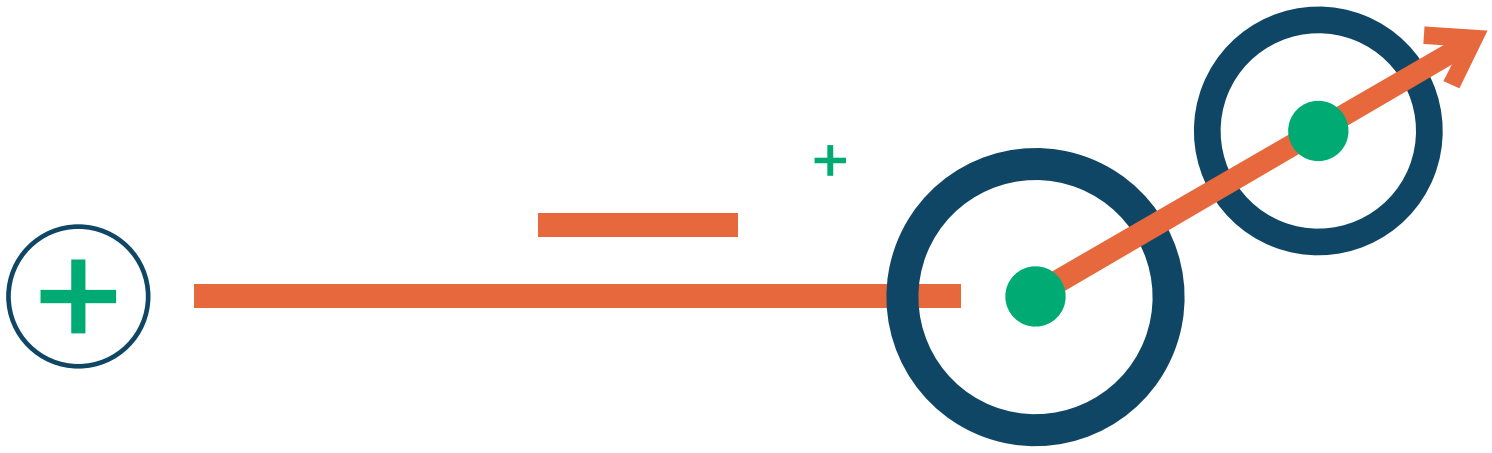

- **exclusive rates on services**
- **support through unique data, guides and events**
- **free business support**
- **access to industry programmes**
- **marketing materials for your store, office and digital**

Access your benefits

Find out more about your benefits at www.bicycleassociation.org.uk/investors-in-cycling where you can also download your digital logos and window stickers to let your customers know that you are an Investor in Cycling.

INVESTORS IN CYCLING LEADERSHIP GROUP

At the forefront, leading change

The Investor in Cycling Leadership Group comprises companies who have made substantial commitments in time, resources and funding to support and shape our advocacy programme to grow cycling and strengthen the industry. Meeting regularly to inform the work of the BA, our leaders help fund and guide our collective purpose to grow cycling together. We are very grateful for their continued support.
